

## Occupational Safety and Health Seminar on Safe Use of Mobile Elevating Work Platforms (MEWPs)

Date: 17<sup>th</sup> June 2019 (Monday)

Time: 7:00 p.m. – 8:30 p.m. (Registration at 6:45 p.m.)

Venue: Chan Kei Biu Lecture Theatre (LT6), 4/F, University Concourse,  
City University of Hong Kong, Tat Chee Avenue, Kowloon, Hong Kong

### Contents:

The seminar aims to raise safety awareness among mobile access platform stakeholders on the importance of MEWP safety. The following topics will be discussed in the seminar including demonstration of MEWP best practices by the industry:

- Raising the competency & proficiency of MEWP operators with technology
- Purpose of International Powered Access Federation
- Latest safety innovative technology (details on secondary guarding devices) for enhancing safety integrity of MEWP's operation
- Does managing the use of MEWP require competency?
- The importance on pre-use check and periodic maintenance for MEWP
- Questions & Answers

### Speaker:

#### **Mr Tony Small - IPAF Hong Kong Region Council Chairman**

Mr Small is a Building Services Engineer and held a number of technical and management positions before moving into the safety, quality and environmental fields. He first came to Hong Kong in 1997 to work on the Airport Core Programme and then worked in the UK and Europe on rail infrastructure projects. He is now a Director of Gammon Construction Ltd, a multi-disciplined construction and civil engineering business based in Hong Kong with operations throughout Southeast Asia.

#### **Mr Raymond Wat – IPAF Regional Representative**

Mr Wat has worked in the MEWP industry for the past 18 years, moving from sales to being an instructor, and now as IPAF Regional Representative promoting MEWP safety. He is in the committee working on the Singapore MEWP standard and had presented safety talks on MEWP to users, safety professionals and authorities in Asia Region
