

November 2016

Dear Member,

On behalf of the Staffordshire Area Committee, I am very pleased to enclose our programme card for 2016/17 and to say hello again as your Chairman.

We have made a few changes to the programme which I hope you will like. However I must apologise for the delay getting the programme out to you. Unfortunately with a young family and very busy work schedule (we are all volunteers!) it has been a big struggle.

Which is why I need your help!

As we are volunteers, we welcome any help from members to join our committee and share in the excitement in making a difference.

We presently have vacancies for Honorary Secretary and Events Coordinator. If you are interested in these or just want to join as a committee member, please get in touch with me.

Here are some images of the talks past and future.

I hope that you find the Programme of interest and I look forward to meeting you at the events.

Please check the IMechE Staffordshire Area 'Near You' website prior to the lectures for any updates (<http://nearyou.imeche.org/near-you/UK/Midland/Staffordshire-Area>) including a **"Get Registered" event, which we are planning February 2017**, for those wishing to achieve progression within the IMechE such as Chartered or Incorporated Engineer.

Yours sincerely,

Simon Groom
Chairman, Staffordshire Area

PS. **If you are interested in joining our committee or helping out at events**, please email on StaffsChair@imechenetwork.org. **We welcome new members!**
