TECHNICAL VISIT TO SOUTHERN LOCOMOTIVES HERSTON WORKS

Join us for a technical visit to the Herston Works of Southern Locomotives Limited in Swanage. This will be a chance to see around the workshop and learn about the overhaul and repairs to the front end of 34070 SR Battle of Britain class 4-6-2 locomotive. It is likely that M7 LSWR Drummond class 0-4-4T will also be in the workshop.

This visit is free to all IMechE members and non-members.
Free parking is on site.

Institution of MECHANICAL ENGINEERS

10:45 am for 11:00 am start

Friday 7th October 2022

Southern Locomotives Limited
Herston Works
Purbeck Business Park
Victoria Avenue
Swanage
BH19 1AU
