

Panel Debate: The UK Energy Mix - Journey to 2050

Date: Wednesday **10th May 2017**

Time: Refreshments from 18:00; Session starts 18:30 - 20:00

Venue: Lecture Theatre, EDF Energy Conference Centre
Barnett Way, Barnwood, Gloucester. GL4 3RS ([link to map](#))

The transition to a low carbon economy has created an energy revolution. The way we are generating and using electricity is vastly different, what will it look like in 2050? Listen to the views of a panel of industry experts on the future of the UK power industry. Steer the discussion by submitting your questions to the panel beforehand and join in on the debate on May 10th!

The event is **FREE** but please reserve tickets via this [link](#)
or email ypnetwork@edf-energy.com
