THE YOUNG TROPHY 2022

THE ANNUAL ENGINEERING INSTITUTION SPORTS TOURNAMENT

About The Young Trophy

The event was first held in 1933 when a joint team from the Institution of Mechanical Engineers and the Institution of Civil Engineers challenged The Institute of Electric and Electronic Engineers (now part of the IET) to "show their worth and prove their skillat the noble game of cricket and other manly sports." The gauntlet had been thrown and battle commenced on 1st July 1933, with the IEE eventually proving victorious.

Mr. Young, Vice President of the IEE, was so impressed by the sporting spirit displayed on that occasion that he presented a trophy to be competed for annually by all three Institutions. This trophy was called the 'Young Trophy' in his honour.

FORMAT

Teams of 5 players will complete in a circuit of sporting event "stations" including:

- **5-a-side football**
- **Tag rugby**
- **6-Legged Race**
- **Egg and Spoon Relay**
- **Tug-of-War**

Each team will face different opponent teams at each station and all team members must compete in each event.

ENTRY RULES

Entry is £25 (inc. VAT) per team of 5 people, comprising any of: members of an engineering institution; undergraduates or graduates of an accredited degree; or an employee of an accredited company. If you are keen to participate but unable to get enough people to make a team, get in touch and we will endeavor to match you with one where possible.

All genders and abilities teams encouraged.
