

Seminar on Latest Technology in Natural Gas Power Generation Unit

On 15 July 2013, a seminar on “Latest Technology in Natural Gas Power Generation Unit” was organised by the IMechE HKB and supported by HKIE MMNC Division and Mechanical Department of The Hong Kong Polytechnic University with over 120 attendants.

Ir. Patrick NG (FHKIE, MIMechE, MCIBSE, MCMI), who is currently Director – Engineering Group Operations of CLP Holding limited, was invited to be the speaker of the seminar.

During the seminar, Patrick shared his valuable experience on the development of latest technology in natural gas power generation. Interactive discussion was also conducted during the question-and-answer session and all the participants enjoyed the seminar.

On behalf of IMechE HKB and all other supporting organisations, we would like to express our sincere thanks to Patrick for his interesting presentation.
