## Robotics in Rail

Simon Jarrett, Chiltern Railways

Isidro Durazo Cardenas, Cranfield University

**17 September 2020 – online event (see the link below)**

<https://www.workcast.com/register?cpak=2840238744679419>

Talk starts at **17:30** and ends around **19:00**

### Description

Robotics is anticipated by the UK Government as one of the Game Changing Technologies for the future but how will this impact on the rail industry? The two talks this evening will focus on the application of robotics to rail vehicle maintenance and rail infrastructure maintenance based on work done by the industry and academia. Simon Jarrett from Chiltern Railways will talk about the work done so far on their application to rail vehicle maintenance, while Dr Durazo Cardenas will talk about the work that Cranfield University are doing with Network Rail on their application to infrastructure maintenance.

### Speakers

Simon Jarrett, Chiltern Railways - Engineering Assurance & Development Manager

Isidro Durazo Cardenas, Cranfield University

**The Event is FREE and open to all!**
