Energy Management for Non-energy Managers

Date and time:
17-19 November 2022
09.30 – 17.00

Venue:
NewRIIS
Devan Nair Institute #05-04,
East Jurong 609607

Course fee:
$1800 (+GST)

Summary

This course will provide an awareness and understanding of the importance of energy management in your company, an appreciation of the skills an Energy Manager utilizes in order to manage energy and therefore carbon effectively on a day-to-day basis and the ability to understand, assess, review and judge the viability of energy efficiency investments.

Topics

- Introduction to energy management
- Regulations, standards and initiatives
- Energy and carbon
- Overview of building systems
- Energy auditing
- Energy audit reports
- Typical energy saving projects
- Mounting an effective staff awareness campaign

Benefits

- Learn the principles and practice of energy management from Energy Institute experts, helping you understand the opportunities for your organisation
- Gain the confidence to understand energy efficiency measures, helping you to critically asses the viability of new projects
- Gain certification from the Energy Institute demonstrating your knowledge
