

Yorkshire Region - South Yorkshire Area

# CONFORMAL COOLING AND METAL ADDITIVE MANUFACTURING

Institution of  
**MECHANICAL  
ENGINEERS**

**Improving the world through engineering**

**Paul Stockhill (MD, Agemaspark)** will use current projects to demonstrate how metal additive manufacturing and conformal cooling works, and the technical and environmental advantages that this technology can deliver to the plastic moulding industry.

**Thurs 20<sup>th</sup> May 2021 (18:00)**

**MS Teams Webinar**  
(webinar open from 17.45)

**Webinar link will be distributed on registration**

For further details and to register please contact:

**Nicky Baxter (Regional Admin Officer)**
