

IMechE Staffordshire Area and Burton Engineering Society
Present an in person talk by Ian Tarplee of Frazer-Nash Consultancy

Ian will present how various systems can contribute to decarbonisation, by using economies of scale, optimising design and efficiency of resource. Ian will present studies looking at electrical grid constraints, the use of Hydrogen, system modelling and carbon accounting methods. Ian will then suggest there are much wider benefits than just decarbonisation.

Thursday 25th April 2024 at 19.30

Burton upon Trent &
District Engineering
Society

Burton and South Derbyshire College,
Burton upon Trent DE14 3RL
Entrance at the corner of building opposite
the Leopard Inn.
Talk is on 2nd floor, accessible by lift.

Visitors and Non-Members are welcome -
