Sussex and Surrey Area are
delighted to invite you to our RNLI,
All-Weather Lifeboats Talk.

Lionel Lukin paved the way for the
first purpose-built lifeboat when he
designed the world's first unsinkable
boat and patented it in 1785. Today
the in-house manufacture of the
Shannon class lifeboat brings a new
era of lifesaving to the RNLI.

Our 2024 talk will cover some of the
fascinating elements of boat
building, to ensure the RNLI
volunteers have an 'all-weather
lifeboat' fit for purpose.

Thursday 25th January 2024,
6.30pm for a 7.00pm start.

East Surrey College,
Gatton Point, London Road,
Redhill, Surrey RH1 2JX.
