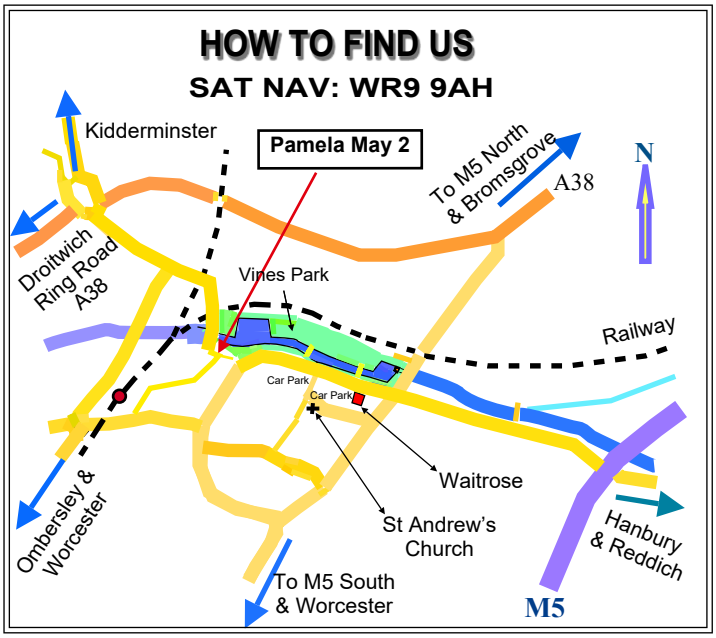
TECHNICAL VISIT- Thursday 22nd JULY 2021

A SHORT CRUISE ON THE NEW ELECTRIC POWERED COMMUNITY TRIP BOAT, THE PAMELA MAY 2, WITH A TALK ABOUT ITS DESIGN AND PERFORMANCE

Host: The Droitwich Waterways (Pamela May) Trust Ltd crew.
22nd July, 2021 Starting at 7.00 pm, finishing at about 8.30 pm.
Venue: The Yard, Hampton Road, Droitwich Spa, WR9 9AY

The original trip boat, Pamela May, was replaced last year after giving 25 years excellent service carrying disabled or disadvantaged people. The new boat, Pamela May 2,



was designed by members of the crew to be a much improved version by having electric motors (' no diesel fume emissions') powered by solar panels with overnight electric power sockets. It is longer to give comfort for 12 passengers, instead of 10; also more room for the lift, now fixed at the front instead of being in the way at the back. With larger windows all round for a better view.

24 places are available; split into two groups of 12, one cruising up and down Vines park whilst the other group are having a talk in the cabin.

Get your 'free' ticket by visiting our 'Near You' page to book a place:-
