VISIT THE BLOODHOUND SSC – UK LAND SPEED RECORD PROJECT

Institution of
**MECHANICAL
ENGINEERS**

Bloodhound SSC will aim to set a new land speed record of 800mph in the summer of 2017, and then take it to 1000mph the following year! Sign up and come see it in all its glory at the Technical Centre in Avonmouth, Bristol.

Enjoy a free roaming tour of the workshop and meet some of the engineers involved. There will be ample time for networking, questions and we welcome you to take photographs of the superb and unique engineering of the car.

At 18:30 there will be a full briefing on the Project in the BLOODHOUND Boardroom and a focus on the STEM Ambassador programme that inspires kids on into engineering.

You could also have the chance to test your skills in the BLOODHOUND simulation experience and purchase merchandise during the event.

**Wednesday 28nd September &
Thursday 13th October 2016**

18:15 - 21:00

BLOODHOUND SSC Unit 3
Avonbridge Trading Estate
Avonmouth, Bristol, BS11 9QD
